**Note 2—Summary of Significant Accounting Policies**

***Basis of Presentation***

We prepared these accompanying unaudited condensed consolidated financial statements in accordance with U.S. generally accepted accounting principles ("*GAAP*") for interim financial information, the instructions to Form 10-Q and Article 10 of SEC Regulation S-X. Accordingly, they do not include all information and notes required by GAAP for complete financial statements. Amounts presented within the condensed consolidated financial statements and accompanying notes are presented in thousands of U.S. dollars unless stated otherwise, except for percentages, units, shares, per unit and per share amounts.

In the opinion of management, these condensed consolidated financial statements reflect all adjustments that are of a normal recurring nature necessary for a fair presentation of our results of operations, financial condition and cash flows for the interim periods presented. The preparation of these condensed consolidated financial statements requires us to make estimates and assumptions that affect the amounts reported in the condensed consolidated financial statements and accompanying notes. We base these estimates on historical experience and on various other assumptions that we believe are reasonable under the circumstances, the results of which form the basis for making judgments about the carrying amounts of assets and liabilities that are not readily apparent from other sources.

Our actual results may differ materially from these estimates. Significant estimates inherent in the preparation of our condensed consolidated financial statements include, but are not limited to, accounting for revenue and cost recognition; evaluation of goodwill; intangible assets; and other assets for impairment; income taxes; equity-based compensation; fair value measurements; and contingencies. We eliminate intercompany balances and transactions in consolidation.

The results of operations for the interim periods presented are not necessarily indicative of results to be expected for the full year or future periods. These condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2025.

***Recent Accounting Pronouncements***

***Recent Accounting Pronouncements Adopted***

In July 2025, the FASB issued Accounting Standards Update 2025-05, Financial Instruments - Credit Losses - Measurement of Credit Losses for Accounts Receivable and Contract Assets ("*ASU 2025-05*"). ASU 2025-05 provides a practical expedient that all entities can use when estimating expected credit losses for current accounts receivable and current contract assets arising from transactions accounted for under ASC 606, *Revenue from Contracts with Customers*. Under this practical expedient, an entity is allowed to assume that the current conditions it has applied in determining credit loss allowances for current accounts receivable and current contract assets remain unchanged for the remaining life of those assets. The Company adopted ASU 2025-05 prospectively for interim and annual periods on January 1, 2026. The adoption of ASU 2025-05 did not have a material impact on

**BIGBEAR.AI HOLDINGS, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
*(unaudited, thousands of U.S. dollars unless stated otherwise)*

the Company's financial statements and disclosures.

In November 2024, the FASB issued Accounting Standards Update ("ASU") No. 2024-03, Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures ("ASU 220-40"). The ASU requires disclosure, in the notes to financial statements, of specified information about certain costs and expenses, including purchases of inventory, employee compensation, depreciation, and intangible asset amortization included in each relevant expense caption. Additionally, the amendment requires a qualitative description of the amounts remaining in the relevant expense captions that are not separately disaggregated quantitatively, and to disclose the total amount of selling expenses and, in annual reporting periods, an entity's definition of selling expenses. For public business entities, the new guidance is effective for annual reporting periods beginning after December 15, 2026, and interim reporting periods beginning after December 15, 2027, with early adoption permitted. An entity may apply the amendments prospectively for reporting periods after the effective date or retrospectively to any or all prior periods presented in the financial statements. The Company is currently evaluating the impact of adoption, which is expected to have an impact on disclosures only with no impact on the Company's results.

In September 2025, the FASB issued ASU No. 2025-06, Intangibles—Goodwill and Other—Internal-Use Software ("ASU 2025-06"). The ASU eliminates references to project stages and introduces a principles-based "probable-to-complete" capitalization threshold, meaning entities can capitalize internal-use software costs when management has approved and funded the project and it's probable the software will be completed and used as intended. These changes are intended to reflect current iterative development practices and take effect for annual periods beginning after December 15, 2027, with early adoption permitted. The Company is currently evaluating the impact of adoption.

### **Note 3—Restructuring Charges**

#### **2025 Restructuring Plan**

During 2025, the company implemented a workforce reduction initiative designed to align operating costs with strategic priorities, resulting in employee termination benefits of \$4.4 million. This initiative followed a comprehensive review of the Company's cost structure and operating model. As part of the 2025 Restructuring Plan, the Company reduced its workforce and reduced and realigned operating expenses. The following table presents the employee separation costs, net of tax, associated with this restructuring plan for the following periods, as well as the unpaid employee separation costs remaining related to the organizational restructurings at the end of each period:

|                           | Three Months Ended June 30, |          | Six Months Ended June 30, |          |

condensed consolidated balance sheets.

As of December 31, 2025, there was \$0.6 million left to be paid under the 2025 restructuring event. The final payment was completed in the second fiscal quarter of 2026.

**2026 Restructuring Plan**

During 2026, the Company initiated an additional restructuring program focused on organizational realignment, resulting in employee severance costs of approximately \$0.4 million. This initiative followed a comprehensive review of the Company's cost structure and operating model. As part of the 2026 Restructuring Plan, the Company reduced its workforce and reduced and realigned operating expenses. The following table presents the employee separation costs, net of tax, associated with this restructuring plan for the following periods, as well as the unpaid employee separation costs remaining related to the organizational restructurings at the end of each period:

The restructuring accrual is included in the other current liabilities line in the condensed consolidated balance sheets.

As of June 30, 2026, there are no charges left to be paid under the 2026 restructuring events. The final payment was completed in the second fiscal quarter of 2026.

**Note 4—Business Combinations**

**Ask Sage Acquisition**

On December 31, 2025, pursuant to the agreement and plan of merger ("Ask Sage Merger Agreement"), dated November 10, 2025, by and among Atlas 2025 Merger Sub, Inc., a Delaware corporation and a direct wholly-owned subsidiary of the Company ("Ask Sage Merger Sub") and Ask Sage, Inc., a Delaware corporation ("Ask Sage" or "Seller") and Shareholder Representative Services LLC, a Colorado limited liability company solely in its capacity as the representative of the Ask Sage securityholders, pursuant to which, among other matters, Ask Sage Merger Sub merged with and into Ask Sage with Ask Sage Merger Sub ceasing to exist and Ask Sage surviving as a wholly-owned subsidiary of the Company ("Ask Sage Merger").

Purchase consideration for the Ask Sage Merger and the related transactions as contemplated by the Ask Sage Merger Agreement of \$272.1 million, which was subject to customary adjustments for indebtedness, cash, working capital and transaction expenses, was comprised of \$262.4 million of cash paid at closing of the Ask Sage Merger, \$5.2 million of cash paid shortly after closing, and \$4.5 million withheld under the terms of the Ask Sage Merger Agreement at the time of the closing to cover any post-closing

adjustments to the purchase price (“*Adjustment Escrow Amount*”). The Company is required to segregate the Adjustment Escrow Amount from its corporate funds and is restricted from using it for operating expenses or any other corporate purposes. The cash withheld for the Adjustment Escrow Amount was presented in restricted cash on the Company’s condensed consolidated balance sheets at December 31, 2025. The Adjustment Escrow Amount was settled during the three months ended June 30, 2026 and is presented as a financing activity in the condensed consolidated statements of cash flows.

The following table summarizes the fair value of the consideration transferred and the fair values of the major classes of assets acquired and liabilities assumed as of the acquisition date. These fair values were based on management’s estimates and assumptions; however, certain working capital amounts, income taxes, and residual goodwill remain preliminary and are subject to adjustment as additional information is obtained about the facts and circumstances that existed as of the acquisition date. The final determination of the fair values, related income tax impacts and residual goodwill will be completed as soon as practicable, and within the measurement period of up to one year from the acquisition date as permitted under GAAP. Any adjustments to provisional amounts that are identified during the measurement period will be recorded in the reporting period in which the adjustment is determined.

*(unaudited, thousands of U.S. dollars unless stated otherwise)*

The acquisition was accounted for as a business combination, whereby the excess of the purchase consideration over the fair value of identifiable net assets was allocated to goodwill. The goodwill reflects the potential synergies and expansion of the Company's offerings across product lines and markets complementary to its existing products and markets. For tax purposes, the goodwill related to the acquisition is not deductible.

The following table presents the net revenues, net loss and transaction expenses related to the Ask Sage Merger included in the results of operations for the following period:

***Pro Forma Financial Data (Unaudited)***

The following table presents the pro forma consolidated results of operations of BigBear.ai for the three and six months ended June 30, 2025 as though the acquisition of Ask Sage had been completed as of January 1, 2024.

|          | Three Months Ended June 30,<br>2025 | Six Months Ended June 30,<br>2025 |
|----------|-------------------------------------|-----------------------------------|
| Revenues | 34,162                              | \$ 70,482                         |
| Net loss | (232,056)                           | (298,741)                         |

The amounts included in the pro forma information are based on the historical results and do not necessarily represent what would have occurred if the Ask Sage business combination had taken place as of January 1, 2024, nor do they represent the results that may occur in the future. Accordingly, the pro forma financial information should not be relied upon as being indicative of the results that would have been realized had the acquisition occurred as of the date indicated or that may be achieved in the future.

Transaction expenses of \$2.2 million attributable to the acquisition of Ask Sage have been recorded in the pro forma results for the three and six months ended June 30, 2025.

***Acquisition of CargoSeer***

On January 16, 2026, the Company acquired certain assets and liabilities of CargoSeer Ltd ("CargoSeer"), an Israel-based leader in unified AI decision support technology for customs and border operations. Purchase consideration for the acquisition of CargoSeer of \$5.0 million, which was subject to net working capital adjustments for indebtedness, was paid in cash during the six months ended June 30, 2026. The acquisition was accounted for as a business combination, whereby the excess of the purchase consideration over the fair value of identifiable net assets was allocated to goodwill. The preliminary fair value of the assets acquired and liabilities assumed is primarily comprised of acquired technology intangible assets of \$4.5 million with an estimated useful life of seven years and customer relationships intangible assets of \$0.5 million with an estimated useful life of four years. The acquired net working capital balances and goodwill are immaterial.

The net revenues and net loss included in the results of operations are immaterial for three and six months ended June 30, 2026. The pro forma results of operations of the Company would not be materially different as a result of the acquisition of CargoSeer and therefore are not presented. Transaction expenses of \$0.6 million attributable to the acquisition of CargoSeer have been recorded in the condensed consolidated statements of operations and comprehensive loss for the six months ended June 30, 2026.

**Note 5—Fair Value of Financial Instruments**

Cash and cash equivalents, restricted cash, accounts receivable, prepaid expenses and other current assets, accounts payable, short-term debt, accrued liabilities and other current liabilities are reflected on the condensed consolidated balance sheets at amounts that approximate fair value because of the short-term nature of these financial assets and liabilities.

Certain warrants that were issued at BigBear.ai's initial public offering ("*IPO Private Warrants*"), warrants issued in BigBear.ai's 2023 and 2024 private placement warrants ("*PIPE Warrants*"), and warrants issued in BigBear.ai's 2023, 2024 and 2025 registered direct offering warrants ("*RDO Warrants*") are valued using a modified Black-Scholes option pricing model ("*OPM*"). The conversion options of the 2026 Convertible Notes ("*2026 Notes Conversion Option*") and 2029 Convertible Notes ("*2029 Notes Conversion Option*") are valued using a binomial lattice convertible bond model and discounted cash flow method, considering the traded price of the 2026 Convertible Notes and 2029 Convertible Notes, respectively, and other unobservable input assumptions. The 2026 Notes Conversion Option, 2029 Notes Conversion Option, IPO Private Warrants, PIPE Warrants and RDO Warrants are considered to be Level 3 fair value measurements. See Note 17—Derivatives for information on the Level 3 inputs used to value the IPO Private Warrants, PIPE Warrants, RDO Warrants, 2026 Notes Conversion Option, and the 2029 Notes Conversion Option.

Valuations of available for sale investments are provided by independent pricing service providers who have experience in valuing these securities and are compared to the average of quoted market prices obtained from independent brokers. These fair value measurements based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly, and are considered to be Level 2 fair value measurements.

#### **Note 7—Goodwill**

There were no goodwill impairment charges recorded during the three months and six months ended June 30, 2026.

During the second quarter of fiscal 2025, we performed a triggering event analysis to determine if it was more likely than not that the fair value of the reporting unit was less than the carrying value. It was determined that there was a triggering event related to the downward revisions of the short and long-term forecasts. As a result of this assessment, we performed a quantitative impairment analysis and the Company recorded a \$70.6 million non-cash impairment charge during the three months ended June 30, 2025. Our goodwill impairment test reflected an allocation of 50% and 50% between the income and market-based approaches, respectively. Significant inputs into the valuation models included the discount rate, EBITDA growth and estimated future cash flows. We used a discount rate of 12%, guideline peer group and their historical and forward-looking revenues in the goodwill impairment test. Subsequent to the impairment, there was no excess of reporting unit fair value over carrying value.

Accumulated impairment losses to goodwill were \$209.2 million as of June 30, 2026.

The table below presents the changes in carrying amount of goodwill:

The 2026 Convertible Notes bear interest at a rate of 6.0% per annum, payable semi-annually, and not including any interest payments that are settled with the issuance of shares, were initially convertible into 17,391,304 shares of the Company’s common stock at an initial conversion price of \$1.50 (the “Conversion Price”). The Conversion Price is subject to adjustments. On May 29, 2022, pursuant to the 2026 Convertible Notes indenture, the conversion rate applicable to the 2026 Convertible Notes was adjusted to 94.2230 (previously 86.9565) shares of common stock per \$1,000 principal amount of 2026 Convertible Notes because the average of the daily volume-weighted average price of the common stock during the preceding 30 trading days was less than \$10.00 (the “Conversion Rate Reset”). After giving effect to the Conversion Rate Reset, the Conversion Price is \$10.61 and the 2026 Convertible Notes are convertible into 18,844,600 shares, not including any interest payments that are settled with the issuance of shares. The 2026 Convertible Note financing matures on December 15, 2026.

The Company may, at its election and subject to certain conditions, force conversion of the 2026 Convertible Notes after December 15, 2022 and prior to October 7, 2026 if the trading price of the Company’s common stock exceeds 130% of the conversion price for 20 out of the preceding 30 trading days and the 30-day average daily trading volume ending on, and including, the last trading day of the immediately preceding calendar quarter is greater than or equal to \$3.0 million for the first two years after the initial issuance of the 2026 Convertible Notes and \$2.0 million thereafter. In connection with such forced conversion, the conversion rate for the 2026 Convertible Notes will be increased but no Interest Make-Whole Payment (as defined below) will be made in connection with such forced conversion. In the event that a holder of the 2026 Convertible Notes elects to convert the 2026 Convertible Notes (a) prior to December 15, 2024, the Company will be obligated to pay an amount equal to twelve months of interest or (b) on or after December 15, 2024 but prior to December 15, 2025, any accrued and unpaid interest plus any remaining amounts that would be owed up to, but excluding, December 15, 2025 (such interest payments, “Interest Make-Whole Payments”). The Interest Make-Whole Payments will be payable in cash or shares of the common stock, depending on the average of the daily volume-weighted average price per share of the Company’s common stock for a specified period immediately prior to such conversion, as set forth in the Indenture.

Following certain corporate events that occur prior to the maturity date or if the Company exercises its mandatory conversion right, the conversion rate will be increased in certain circumstances for a holder who elects, or has been forced, to convert its 2026 Convertible Notes in connection with such corporate events or such mandatory conversion.

If a Fundamental Change (as defined in the 2026 Convertible Notes indenture) occurs prior to the maturity date, holders of the 2026 Convertible Notes will have the right to require the Company to repurchase all or any portion of their 2026 Convertible Notes in principal amounts of one thousand dollars or an integral multiple thereof, at a repurchase price equal to the principal amount of the 2026 Convertible Notes to be repurchased, plus accrued and unpaid interest to, but excluding, the repurchase date.

The 2026 Convertible Notes require the Company to meet certain financial and other covenants. As of June 30, 2026, the Company was in compliance with all covenants related to the 2026 Convertible Notes.

The 2026 Convertible Notes contain conversion features that meet the definition of a derivative and require separate accounting treatment from the debt host. Refer to Note 17 —Derivatives for more information on the 2026 Notes Conversion Option.

The following table presents the carrying amounts and fair values associated with the 2026 Convertible Notes as of June 30, 2026. The fair value of the 2026 Convertible Notes is considered to be a Level 3 fair value measurement.

|                        | Outstanding balance | Unamortized issuance costs and debt discount | Carrying value | Fair value |

### 2029 Convertible Notes

On December 19, 2024, the Company entered into privately negotiated exchange agreements (each, an *Exchange Agreement*) with a limited number of holders of the Company's 2026 Convertible Notes, to exchange the 2026 Convertible Notes for new senior secured convertible notes due 2029 (the "*2029 Convertible Notes*", together with the 2026 Convertible Notes, the "*Convertible Notes*"). The Company exchanged (the "*Exchange Transaction*") approximately \$124.6 million principal amount of the 2026 Convertible Notes for \$182.3 million in aggregate principal amount of the Company's 2029 Convertible Notes and approximately \$0.4 million in cash, with such cash payment representing the accrued and unpaid interest on the 2026 Convertible Notes at the time of the Exchange Transaction. The 2029 Convertible Notes bear interest at a rate of (i) 6.0% per annum, if interest is paid in cash and (ii) 7.0% per annum, if the Company elects, subject to certain conditions, to pay interest in kind with shares of its common stock. To the extent that the certain liquidity conditions of the Company and its subsidiaries are not satisfied as of the last business day of any calendar month, then with respect to the period applicable to the interest payment date immediately following the month in which such liquidity condition is not satisfied, the interest rate will be (i) 9.00% per annum, if interest is paid in cash and (ii) 10.00% per annum, if the Company elects, subject to certain conditions, to pay interest in kind with shares of its common stock (it being understood that such increased rate shall apply solely for such six-month period applicable to such interest payment date). Interest is payable semi-annually. The conversion rate is 281.4491 shares of common stock per \$1,000 principal amount of 2029 Convertible Notes, which represents an initial conversion price of \$3.55 per share of the Company's common stock. The conversion rate and the conversion price are subject to adjustments. In addition, if certain corporate events that constitute a "Make-Whole Fundamental Change" (as defined in the 2029 Convertible Notes Indenture, referenced below) occur, then the conversion rate will, in certain circumstances, be increased for a specified period of time.

The exchange was accounted for as an extinguishment of the 2026 Convertible Notes and the 2029 Convertible Notes were recognized at fair value, which approximated the carrying amount of the principal balances exchanged. For the year ended December 31, 2024, the Company recognized a loss on extinguishment of \$31.3 million on the consolidated statements of operations related to the unamortized debt issuance costs of the exchanged 2026 Convertible Notes. The Company was in compliance with all covenants through the extinguishment of the exchanged 2026 Convertible Notes.

The 2029 Convertible Notes were issued pursuant to, and are governed by, an indenture (the "*2029 Convertible Notes Indenture*"), dated as of December 27, 2024. The 2029 Convertible Notes will be fully and unconditionally guaranteed, on a senior, secured basis, by the Company and certain of its existing and future direct and indirect subsidiaries, subject to certain exceptions (the "*Guarantors*"), and will initially be secured on a first-priority basis by substantially all assets of the Company and such Guarantors, subject to certain exceptions.

Upon completion of the Exchange Transaction, the aggregate principal amount of the 2026 Convertible Notes outstanding was \$17.7 million. The Company did not receive any cash proceeds from the issuance of the 2029 Convertible Notes pursuant to the Exchange Transactions.

During the six months ended June 30, 2025, \$57.7 million of the 2029 Convertible Notes were voluntarily converted by noteholders following the Exchange Transaction. These conversions have resulted in the issuance of 16.7 million shares of common stock.

On January 2, 2026, the Company announced that all 2029 Convertible Notes outstanding as of January 16, 2026 (the *Redemption Date*), would be redeemed for cash at a price equal to the principal amount of such notes plus accrued and unpaid interest, as provided by the terms of the Exchange Agreement. All of the 2029 Convertible Notes, with a par value of \$124.6 million, were voluntarily converted by noteholders prior to the Redemption Date. These conversions resulted in the issuance of approximately 38.1 million shares of common stock in exchange for the retirement of the respective notes.

Holders who converted their 2029 Convertible Notes were also entitled to an interest make-whole payment of up to 7.5% of the aggregate principal amount of notes converted, subject to reduction as further described in the 2029 Convertible Notes Indenture. Interest make-whole payments were paid in cash and shares of common stock, depending on the average of the daily volume-weighted average price per share of the Company's common stock for a specified period immediately prior to the conversion. Payment of the interest make-whole in shares was at a price equal to 95% of such average of the daily volume-weighted average price.

The 2029 Convertible Notes contained conversion features that met the definition of a derivative and required separate accounting treatment from the debt host. Refer to Note 17—Derivatives for more information on the 2029 Notes Conversion Option.

**Note 12—Leases**

The Company is obligated under operating leases for certain real estate and office equipment assets. The Company's finance leases are not material. Certain leases contained predetermined fixed escalation of minimum rents at rates ranging from 2.5% to 10.0% per annum and remaining lease terms of up to seven years, some of which include renewal options that could extend certain leases to up to an additional five years.

The following table presents supplemental information related to leases:

**Note 13—Income Taxes**

The table below presents the effective income tax rate for the following periods:

|                    | Three Months Ended June 30, |      | Six Months Ended June 30, |        |
|--------------------|-----------------------------|------|---------------------------|--------|

The Company was taxed as a corporation for federal, state and local income tax purposes for the three and six months ended June 30, 2026 and June 30, 2025. The effective tax rate for the three and six months ended June 30, 2026 and June 30, 2025 differ from the U.S. federal income tax rate of 21.0% primarily due to foreign, state, and local income taxes, permanent differences between book and taxable income, certain discrete items, and the change in valuation allowance.

On July 4, 2025, the One Big Beautiful Bill Act (“OBBA”) was enacted in the U.S. The OBBA includes significant provisions, such as the permanent extension of certain expiring provisions of the Tax Cuts and Jobs Act, modifications to the international tax framework and the restoration of favorable tax treatment for certain business provisions. We have assessed its impact on our financial statements and OBBA did not have a material impact on our financial statements.

**Note 14—Commitments and Contingencies**

***Contingencies in the Normal Course of Business***

Under certain contracts with the U.S. government and certain governmental entities, contract costs, including indirect costs, are subject to audit by and adjustment through negotiation with governmental representatives. Revenue is recorded in amounts expected to be realized on final settlement of any such audits.

***Legal Proceedings***

The Company is subject to litigation, claims, investigations and audits arising from time to time in the ordinary course of business. Although legal proceedings are inherently unpredictable, the Company intends to defend itself vigorously with respect to any matters currently pending against it. The outcome of these matters, individually and in the aggregate, is not expected to have a material impact on the Company’s consolidated balance sheets, consolidated statements of operations, or cash flows. As of June 30, 2026, the Company has accrued \$0.3 million related to various ongoing legal disputes. The \$0.3 million balance as of June 30, 2026, reflects management’s best estimate as of that date and is net of any anticipated amounts recoverable through insurance.

***Restricted Cash***

Restricted cash consists of amounts that are not available for general corporate use due to contractual, legal, or regulatory restrictions. The Company presents restricted cash as either current or non-current on the condensed consolidated balance sheets based on the expected timing of the satisfaction of the restrictions or the underlying obligations to which the amounts relate.

---

As of as of June 30, 2026, the Company's restricted cash balance consists of \$1.8 million related to performance bonds for certain revenue contracts and security deposits.

As of December 31, 2025, the Company's restricted cash comprises a \$4.0 million escrow related to its acquisition of Ask Sage, performance bonds held for certain revenue contracts and security deposits.

**Note 15—Stockholders' Equity**

*Common Stock*

On June 9, 2026, the Company held its annual meeting of shareholders where the shareholders approved an amendment to the Company's Second Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 500,000,000 to 1,000,000,000.

The table below presents the details of the Company's authorized common stock as of the following periods:

|                                            | June 30,<br>2026 | December 31,<br>2025 |
|--------------------------------------------|------------------|----------------------|
| <b>Common stock:</b>                       |                  |                      |
| Authorized shares of common stock          | 1,000,000,000    | 500,000,000          |
| Common stock par value per share           | \$ 0.0001        | \$ 0.0001            |
| Common stock outstanding at the period end | 479,494,493      | 436,955,655          |

*Treasury Stock*

These shares are measured at cost and presented as treasury stock on the condensed consolidated balance sheets and condensed consolidated statements of stockholders' equity (deficit).

During the six months ended June 30, 2026, we retired 9,952,803 shares of treasury stock. As a result of this retirement, we reclassified a total of \$57.4 million from treasury stock to additional paid-in capital, on the condensed consolidated balance sheets and condensed consolidated statements of stockholders' equity (deficit).

*Dividend Rights*

Subject to applicable law and the rights, if any, of the holders of any outstanding series of the Company's preferred stock or any class or series of stock having a preference over or the right to participate with the Company's common stock with respect to the payment of dividends, dividends may be declared and paid ratably on the Company's common stock out of the assets of the Company that are legally available for this purpose at such times and in such amounts as the Company's Board of Directors (the "Board") in its discretion shall determine.

*Voting Rights*

Each outstanding share of the Company's common stock is entitled to one vote on all matters submitted to a vote of stockholders. Holders of shares of common stock do not have cumulative voting rights.

*Conversion or Redemption Rights*

The Company's common stock is neither convertible nor redeemable.

*Liquidation Rights*

Upon the Company's liquidation, the holders of the Company's common stock are entitled to receive pro rata the Company's assets that are legally available for distribution, after payment of all debts and other liabilities and subject to the prior rights of any holders of the Company's preferred stock then outstanding.

### *Preferred Stock*

The table below presents the details of the Company's authorized preferred stock as of the following periods:

|                                               | June 30,<br>2026 | December 31,<br>2025 |
|-----------------------------------------------|------------------|----------------------|
| <b>Preferred stock:</b>                       |                  |                      |
| Authorized shares of preferred stock          | 1,000,000        | 1,000,000            |
| Preferred stock par value per share           | \$ 0.0001        | \$ 0.0001            |
| Preferred stock outstanding at the period end | —                | —                    |

The Company's Board may, without further action by the Company's stockholders, from time to time, direct the issuance of shares of preferred stock in series and may, at the time of issuance, determine the designations, powers, preferences, privileges and relative participating, optional or special rights as well as the qualifications, limitations or restrictions thereof, including dividend rights, conversion rights, voting rights, terms of redemption and liquidation preferences, any or all of which may be greater than the rights of the Company's common stock. Satisfaction of any dividend preferences of outstanding shares of the Company's preferred stock would reduce the amount of funds available for the payment of dividends on shares of the Company's common stock. Upon the affirmative vote of a majority of the total number of directors then in office, the Company's Board may issue shares of the Company's preferred stock with voting and conversion rights which could adversely affect the holders of shares of the Company's common stock.

### **Note 16—At-the-Market Offering**

In April 2023, the Company filed an automatic shelf registration statement on Form S-3 (the "2023 Shelf Registration Statement") with the SEC registering an indeterminate amount of its common stock, preferred stock, warrants, rights, and units (collectively, "Company securities"), which the SEC declared effective on April 21, 2023. Pursuant to the Company's controlled equity offering agreement (the "Controlled Equity Offering Agreement") dated as of May 10, 2024, with Cantor Fitzgerald & Co. ("Cantor"), as sales agent, under an "at the market" offering program (the "ATM Program"), the Company agreed to pay commissions to Cantor as its sales agent for their service with respect to the sales of common stock through the ATM Program.

Pursuant to the Controlled Equity Offering Agreement, the Company may offer and sell common stock from time to time to or through Cantor, subject to the Company's compliance with applicable laws and the applicable requirements of the Controlled Equity Offering Agreement. The Controlled Equity Offering Agreement stipulates that the Company will pay Cantor a commission of up to 3.0% of the gross offering proceeds of any shares of common stock sold to or through Cantor pursuant to the Controlled Equity Offering Agreement. The Company intends to use the net proceeds from sales of common stock issued under the ATM Program for general corporate and working capital purposes. The timing of any sales and the number of shares sold will depend on a variety of factors to be determined and considered by the Company. The Company is not obligated to sell any shares under the Controlled Equity Offering Agreement.

In May 2024, the Company filed a prospectus supplement to the 2023 Shelf Registration Statement which allows the Company to sell, from time to time and at its discretion, Company securities having an aggregate offering price of up to \$150.0 million including shares of common stock that may be sold pursuant to the Company's Controlled Equity Offering Agreement.

During the six months ended June 30, 2025, \$57.7 million of the 2029 Convertible Notes were voluntarily converted by noteholders following the Exchange Transaction. These conversions resulted in the issuance of approximately 16.7 million shares of common stock in exchange for the retirement of the respective notes. Upon conversion of the notes, there was a mark-to-market adjustment to increase the debt conversion option derivative liability, resulting in a loss of \$59.9 million, which is presented in net increase in fair value of derivatives on the condensed consolidated statements of operations and comprehensive loss. In conjunction with the conversion, a loss of \$2.6 million was recognized related to the convertible debt discount and unamortized deferred financing costs, and is presented in loss on extinguishment of debt on the condensed consolidated statements of operations and comprehensive loss.

During the six months ended June 30, 2026, \$124.6 million of the 2029 Convertible Notes were voluntarily converted by noteholders following the Exchange Transaction. These conversions resulted in the issuance of approximately 38.1 million shares of common stock in exchange for the retirement of the respective notes. Upon conversion of the notes, there was a mark-to-market adjustment to increase the debt conversion option derivative liability, resulting in a loss of \$28.3 million, which is presented in net increase in fair value of derivatives on the condensed consolidated statements of operations and comprehensive loss. In conjunction with the conversion, a loss of \$15.8 million was recognized related to the convertible debt discount and unamortized deferred financing costs, and is presented in loss on extinguishment of debt on the consolidated statements of operations.

#### ***IPO Public Warrants***

Each warrant issued in connection with the Company's initial public offering (the "*IPO public warrants*") entitles the registered holder to purchase one share of common stock at a price of \$11.50 per share, subject to adjustment. Pursuant to the warrant agreement, a warrant holder may exercise its warrants only for a whole number of shares of common stock. This means only a whole warrant may be exercised at a given time by a warrant holder. The warrants will expire on December 7, 2026, at 5:00 p.m., New York City time, or earlier upon redemption or liquidation.

The Company may call the IPO public warrants for redemption as follows: (1) in whole and not in part; (2) at a price of \$0.01 per warrant; (3) upon a minimum of 30 days' prior written notice of redemption; (4) if there is an effective registration statement covering the shares of common stock issuable upon exercise of the warrants and a current prospectus available throughout the 30-day notice period; and (5) only if the last reported closing price of the common stock equals or exceeds \$8.00 per share for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date on which the Company sends the notice of redemption to the warrant holders.

If the Company calls the IPO public warrants for redemption, management will have the option to require all holders that wish to exercise the Company IPO public warrants to do so on a "cashless basis."

The exercise price and number of shares of common stock issuable upon exercise of the IPO public warrants may be adjusted in certain circumstances including stock dividends, stock splits, extraordinary dividends, consolidation, combination, reverse stock split or reclassification of shares of the Company's common stock or other similar event. In no event will the Company be required to net cash settle the warrant shares.

The table below presents the Company's IPO public warrants issued and outstanding as of the following periods:

#### ***IPO Private Warrants***

The terms and provisions of the IPO public warrants above also apply to the private warrants issued by the Company ("*IPO private warrants*"). If the IPO private warrants are held by holders other than GigAcquisitions4, LLC ("*Sponsor*"), Oppenheimer & Co. Inc. and Nomura Securities International, Inc. (together, the "*Underwriters*"), or any respective permitted transferees, the IPO private warrants will be redeemable by the Company and exercisable by the holders on the same basis as the IPO public warrants. The Sponsor, the Underwriters and any respective permitted transferees have the option to exercise the IPO private warrants on a cashless basis.

##### ***Class B Unit Incentive Plan***

In February 2021, the Company's former parent, BBAI Ultimate Holdings, LLC ("Former Parent") adopted a compensatory benefit plan (the "Class B Unit Incentive Plan") to provide incentives to directors, managers, officers, employees, consultants, advisors and/or other service providers of the Company's Former Parent or its subsidiaries in the form of the Former Parent's Class B Units ("Incentive Units"). Incentive Units have a participation threshold of \$1.00 and are divided into three tranches ("Tranche I," "Tranche II," and "Tranche III"). Tranche I Incentive Units are subject to performance-based, service-based and market-based conditions. The grant date fair value for the Incentive Units was \$5.19 per unit.

On July 29, 2021, the Company's Former Parent amended the Class B Unit Incentive Plan so that the Tranche I and the Tranche III Incentive Units immediately became fully vested, subject to continued employment or provision of services, upon the closing of the transaction stipulated in the Agreement and Plan of Merger (the "Gig Business Combination Agreement") dated June 4, 2021. The Company's Former Parent also amended the Class B Unit Incentive Plan so that the Tranche II Incentive Units will vest on any liquidation event, as defined in the Class B Unit Incentive Plan, rather than only upon the occurrence of an Exit Sale (as defined therein), subject to the market-based condition stipulated in the Class B Unit Incentive Plan prior to its amendment. The modification date fair value of the Incentive Units was \$9.06 per unit.

During the six months ended June 30, 2025, the Company's Former Parent sold its interest in BigBear. The liquidity event triggered the measurement of the market-related conditions of the unvested Tranche II Incentive Units. The market conditions were not met, and as a result, all unvested Incentive Units were forfeited.

##### ***Stock Options***

On December 7, 2021, the Company adopted the BigBear.ai Holdings, Inc. 2021 Long-Term Incentive Plan (the "Plan"). The purpose of the Plan is to promote the long-term success of the Company and the creation of stockholder value by providing

eligible employees, prospective employees, consultants and non-employee directors of the Company the opportunity to receive stock- and cash-based incentive awards.

Pursuant to the Plan, the Company's Board of Directors grants certain grantees stock options ("*Stock Options*") to purchase shares of the Company's common stock. The Stock Options vest over four years with 25% vesting on the one year anniversary of the grant date and 6.25% vesting on the last day of each calendar quarter thereafter until the grant is fully vested. Vesting is contingent upon continued employment or service to the Company and is accelerated in the event of death, disability, or a change in control, subject to certain conditions; both the vested and unvested portion of a grantee's Stock Options will be immediately forfeited and cancelled if the grantee ceases employment or service to the Company. The Stock Options expire on the 10th anniversary of the grant date.

No Stock Options were granted during the six months ended June 30, 2026.

#### ***Restricted Stock Units***

During the six months ended June 30, 2026, pursuant to the Plan, the Company's Board communicated the key terms and committed to grant Restricted Stock Units ("*RSUs*") to certain employees and certain nonemployee directors and consultants. The Company granted 6,272,734 RSUs to employees and 252,490 RSUs to nonemployee directors during the six months ended June 30, 2026. RSUs granted to employees generally vest over four years, with 25% vesting on the one year anniversary of the grant date and then 6.25% per each quarter thereafter on the two, three and four year anniversary of the grant date. RSUs granted to nonemployee directors vest 25% each quarter following the grant date or 100% upon the first anniversary of the grant date. Vesting of RSUs is accelerated in the event of death, disability, or a change in control, subject to certain conditions.

**Performance Stock Units**

Pursuant to the Plan, the Company's Board communicated the key terms and granted Performance Stock Units ("PSUs") to certain employees. The Company grants PSUs to certain employees with performance measures specific to the role of that employee or as a retention incentive ("Discretionary PSUs"). During the six months ended June 30, 2026, the Company granted no Discretionary PSUs. The Company granted zero Short-Term Incentive PSUs ("STI PSUs") to employees, which contain performance measures based on a combination of the Company's financial performance as well as the individual's personal performance. The number of STI PSUs that will vest is based on the achievement of the performance criteria during each respective annual measurement period, provided that the employees remain in continuous service on each vesting date. Vesting will not occur unless a minimum performance criteria threshold is achieved.

The table below presents the activity and other information on the outstanding PSUs:

|                                  | PSUs<br>Outstanding | Weighted-Average Grant<br>Date Fair Value Per Share |

There is no unrecognized compensation costs related to the PSUs as of June 30, 2026.

**Employee Share Purchase Plan ("ESPP")**

Concurrently with the adoption of the Plan, the Company's Board adopted the 2021 Employee Stock Purchase Plan (the "ESPP"), which authorizes the grant of rights to purchase common stock of the Company to employees, officers and directors (if they are otherwise employees) of the Company. As of June 30, 2026, the Company reserved an aggregate of 8,924,598 common shares (subject to annual increases on January 1 of each year and ending in 2031) of the Company's common stock for grants under the ESPP. During the six months ended June 30, 2026, 315,409 shares were sold under the ESPP. As of June 30, 2026, the Company has withheld employee contributions of \$0.2 million for future ESPP purchases, which are presented on the condensed consolidated balance sheets within other current liabilities.

Equity-based compensation expense related to purchase rights issued under the ESPP is based on the Black-Scholes OPM fair value of the estimated number of awards as of the beginning of the offering period. Equity-based compensation expense is recognized using the straight-line method over the offering period.

<sup>(1)</sup> Expected volatility is based on a combination of implied and historical equity volatility of selected reasonably similar publicly traded companies.

As of June 30, 2026, there was approximately \$0.6 million of unrecognized compensation costs related to the ESPP, which is expected to be recognized over the remaining weighted average period of 0.42 years.

Although certain convertible notes were converted during the six months ended June 30, 2026 and June 30, 2025, application of the if-converted method would have been anti-dilutive due to the Company's net loss for the period; accordingly, such instruments were excluded from diluted earnings per share.

#### Note 20—Revenues

Substantially all revenues were generated within the United States of America.

The table below presents total revenues by contract type for the following periods:

<sup>(1)</sup> This includes Fixed Price, Level of Effort contracts, which are substantially similar to time-and-materials contracts except that the Company is required to deliver a specified level of effort over a stated period of time. For these contracts, the Company determines the revenue earned using contract hours worked at negotiated bill rates as the Company delivers the contractually required workforce.

### Contract Balances

The table below presents the contract assets and contract liabilities included on the condensed consolidated balance sheets for the following periods:

|                                                         | June 30,<br>2026 | December 31,<br>2025 |

We receive payments from customers based on a billing schedule as established in our contracts. Contract assets relate to our conditional right to consideration for our completed performance under the contract. Accounts receivables are recorded when the right to consideration becomes unconditional. Contract liabilities relates to payments received in advance of performance under a contract. Contract liabilities are recognized as revenue as (or when) we perform under the contract. Included in the contract liabilities balance as of June 30, 2026 is \$6.3 million of contract liabilities from our acquisition of Ask Sage. Refer to Note 4—Business Combinations. Revenue recognized in the six months ended June 30, 2026 that was included in the contract liability balance as of December 31, 2025 was \$12.3 million. Revenue recognized in the six months ended June 30, 2025 that was included in the contract liability balance as of December 31, 2024 was \$1.5 million.

When the Company's estimate of total costs to be incurred to satisfy a performance obligation exceeds the expected revenue, the Company recognizes the loss immediately. When the Company determines that a change in estimate has an impact on the associated profit of a performance obligation, the Company records the cumulative positive or negative adjustment in the condensed consolidated statements of operations and comprehensive loss. Changes in estimates and assumptions related to the status of certain long-term contracts may have a material effect on the Company's operating results.

The following table summarizes the impact of the net estimates at completion ("EAC") adjustments on the Company's operating results:

|                                                             | Three Months Ended June 30, |        | Six Months Ended June 30, |        |

| Net EAC Adjustments, net of income taxes <sup>(1)</sup>     | \$ 58                       | \$ 412 | \$ (324)                  | \$ 737 |
| Net EAC Adjustments, net of income taxes, per diluted share | \$ —                        | \$ —   | \$ —                      | \$ —   |

<sup>(1)</sup> Due to the Company being in a net taxable loss position for all periods presented, the impact of income taxes is insignificant.

### Remaining Performance Obligations

The Company includes in its computation of remaining performance obligations customer orders for which it has accepted signed sales orders and generally includes the funded and unfunded components of contracts that have been awarded. The Company applies the practical expedient provided by ASC 606 that allows entities to exclude estimated future revenues for contracts with an original expected duration of one year or less from the remaining performance obligation disclosure. Many of the Company's revenue contracts include termination clauses that result in the inclusion of immaterial estimated future revenues in the remaining performance obligation disclosure. Management assessed the incremental benefit to a reader of including revenue contracts with an original expected duration of one year or less in this disclosure against the effort to aggregate the appropriate information to support the disclosure and determined that the required effort outweighs the benefit to a reader of the condensed consolidated financial statements.

As of June 30, 2026, the estimated revenue expected to be recognized in the future related to performance obligations that are unsatisfied, or partially unsatisfied, was approximately \$9.2 million. As of June 30, 2026, the estimated revenue expected to be recognized in the future related to remaining performance obligations is presented in the table below.

**Note 21—Segments**

The Company has determined that it operates in a single operating and reportable segment as the Chief Operating Decision Maker (*CODM*) reviews financial information presented on a consolidated basis for purposes of making operating decisions, allocating resources, and evaluating financial performance. The Company's segment provides predictive analytics capabilities in highly complex, distributed, mission-based operating environments. It is a technology-led solutions organization, providing both software and services to our customers. The Company's CODM is its Chief Executive Officer.

Consolidated net loss, as reported on the condensed consolidated statements of operations and comprehensive loss as consolidated net loss, is the primary measure of segment profitability used by the CODM to assess performance and to allocate resources to the segment. Consolidated net loss is used to monitor budget versus actual results. The monitoring of budgeted versus actual results is used in assessing performance of the segment and in establishing management's compensation. All expense categories on the condensed consolidated statements of operations and comprehensive loss are significant and there are no other significant segment expenses that would require disclosure or are regularly provided to the CODM.

The measure of segment assets is reported on the condensed consolidated balance sheets as total consolidated assets. Assets provided to the CODM are consistent with those reported on the condensed consolidated balance sheets.

**Note 22—Subsequent Events**

The Company has evaluated subsequent events from the date of the condensed consolidated balance sheets through the date the condensed consolidated financial statements were issued on July 30, 2026 and determined that no reportable events occurred.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

*The following discussion and analysis provides information that BigBear.ai Holdings, Inc. ("BigBear.ai", "BigBear.ai Holdings", or the "Company") management believes is relevant to an assessment and understanding of BigBear.ai's audited consolidated results of operations and financial condition. The following discussion and analysis should be read in conjunction with BigBear.ai's condensed consolidated financial statements and notes to those statements included elsewhere in this Quarterly Report on Form 10-Q. Certain information contained in this management discussion and analysis includes forward-looking statements that involve risks and uncertainties. Our actual results may differ materially from those anticipated in these forward-looking statements as a result of many factors. Please see "Cautionary Note Regarding Forward-Looking Statements," and "Risk Factors" in our Annual Report on Form 10-K. Unless the context otherwise requires, all references in this section to the "Company," "BigBear.ai," "we," "us," or "our" refer to BigBear.ai Holdings, Inc.*

The following discussion and analysis of financial condition and results of operations of BigBear.ai is provided to supplement the unaudited condensed consolidated financial statements and the accompanying notes of BigBear.ai included elsewhere in this Quarterly Report on Form 10-Q. We intend for this discussion to provide the reader with information to assist in understanding BigBear.ai's condensed consolidated financial statements and the accompanying notes, the changes in those financial statements and the accompanying notes from period to period, along with the primary factors that accounted for those changes. All amounts presented below are in thousands of U.S. dollars unless stated otherwise.

The discussion and analysis of financial condition and results of operations of BigBear.ai is organized as follows:

- **Business Overview:** This section provides a general description of BigBear.ai's business, our priorities and the trends affecting our industry in order to provide context for management's discussion and analysis of our financial condition and results of operations.
- **Recent Developments:** This section provides recent developments that we believe are necessary to understand our financial condition and results of operations.
- **Results of Operations:** This section provides a discussion of our results of operations for the three and the six months ended June 30, 2026 and June 30, 2025.
- **Liquidity and Capital Resources:** This section provides an analysis of our ability to generate cash and to meet existing or reasonably likely future cash requirements.
- **Critical Accounting Policies and Estimates:** This section discusses the accounting policies and estimates that we consider important to our financial condition and results of operations and that require significant judgment and estimates on the part of management in their application. In addition, our significant accounting policies, including critical accounting policies, are summarized in Note 2—Summary of Significant Accounting Policies to the accompanying condensed consolidated financial statements included in this Quarterly Report on Form 10-Q.

**Business Overview**

BigBear.ai is a leading provider of Edge AI-powered decision intelligence solutions for national security, supply chain management and digital identity. Customers and partners rely on BigBear.ai's predictive analytics capabilities in highly complex, distributed, mission-based operating environments. We are a technology-led solutions organization, providing both software and services to our customers.

**Recent Developments**

**Acquisition of CargoSeer**

On January 16, 2026, the Company acquired certain assets and liabilities of CargoSeer Ltd ("CargoSeer"), an Israel-based leader in unified AI decision support technology for customs and border operations, for \$5.0 million, subject to certain customary net working capital adjustments.

### ***Ask Sage Acquisition***

On December 31, 2025, the Company completed the acquisition of Ask Sage, Inc. (“*Ask Sage*” or the “*Ask Sage Acquisition*”), a secure, multi-modal generative AI platform designed for government and enterprise use. Of the total purchase consideration of \$272.1 million, \$267.6 million was paid in cash at or around the time of closing and \$4.5 million was held back to cover any post-closing downward adjustments to the purchase price, which was settled in the three months ended June 30, 2026.

### ***2029 Convertible Notes***

On January 2, 2026, the Company announced that all 2029 Convertible Notes outstanding as of January 16, 2026 (the “*Redemption Date*”), would be redeemed for cash at a price equal to the principal amount of such notes plus accrued and unpaid interest, as provided by the terms of the Exchange Agreement. All of the 2029 Convertible Notes, with a par value of \$124.6 million, were voluntarily converted by noteholders prior to the Redemption Date. These conversions resulted in the issuance of approximately 38.1 million shares of common stock in exchange for the retirement of the respective notes.

### ***Global Economic and Geopolitical Environment***

Historically, the majority of our revenue is derived from federal government contracts. Funding for U.S. Government programs is subject to a variety of factors that can affect our business, including the administration’s budget requests and procurement priorities and policies, annual congressional budget authorization and appropriation processes, and other U.S. Government domestic and international priorities. U.S. Government spending levels, particularly defense spending, and timely funding thereof can affect our financial performance over the short and long term.

We anticipate the federal budget, debt ceiling, regulatory environment, and potential tax reform will continue to be subject to debate and compromise shaped by, among other things, the current administration and Congress, heightened political tensions, the global security environment, inflationary pressures, and macroeconomic conditions. The result may be shifting funding priorities, which could have material impacts on defense spending broadly and our programs. Additionally, the administration continues to take steps to evaluate government-wide and defense-specific staffing and procurement, which includes assessing mission priorities, procurement methods, program performance, and other factors and then potentially taking action based on those assessments. Those actions remain uncertain and could result in impacts to both our current and future business prospects and financial performance.

Additionally, the President of the United States has issued multiple Executive Orders, including two that are intended to (i) simplify and accelerate the procurement process through a review and restructuring of the Federal Acquisition Regulation (FAR), and its supplements and (ii) modernize defense acquisitions by promoting commercial solutions, innovative acquisition authorities, and other existing streamlined processes. Among the actions directed by the President is a review of major defense acquisition programs that are behind schedule or over budget, including identifying any programs for potential cancellation.

While the impact of these reforms on our business is uncertain, they could potentially lead to changes in the way we interact with the U.S. Government. We will continue to monitor and assess their effects on our business and financial results. Should the U.S. Government review one or more major defense programs in which we provide solutions or services, and this review leads to a full or partial cancellation of one of these programs, this could have an adverse effect on our business, financial condition, results of operations and cash flows.

We continue to expect the global economic and geopolitical environment to drive adoption of our offerings over the long term, as it has heightened the need for advanced AI tools that provide enhanced intelligence and full spectrum cyber operations – areas where we believe we have unmatched capabilities. While these challenges are still evolving and the eventual outcome remains highly uncertain, we do not believe that these events will have a material impact on our business and results of operations. However, if these challenges worsen, leading to greater disruptions and uncertainty within the technology industry or global economy, our business and results of operations could be negatively impacted.

### **Components of Results of Operations**

#### ***Revenues***

We generate revenue by providing our customers with Edge AI-powered decision intelligence solutions and services for data ingestion, data enrichment, data processing, artificial intelligence, machine learning, predictive analytics and predictive visualization. We have a diverse base of customers, including government defense, government intelligence, as well as various

commercial enterprises. We generate revenue from providing both software and services to our customers.

***Cost of revenues***

Cost of revenues primarily includes salaries, stock-based compensation expense, and benefits for personnel involved in performing the services described above, as well as allocated overhead and other direct costs.

***Selling, general and administrative (“SG&A”)***

SG&A expenses include salaries, equity-based compensation expense, and benefits for personnel involved in our executive, finance, accounting, legal, human resources, and administrative functions, as well as third-party professional services and fees, and allocated overhead.

***Research and development***

Research and development expenses primarily consist of salaries, equity-based compensation expense, and benefits for personnel involved in research and development activities as well as allocated overhead. Certain research and development expenses relate to software developed for sale, lease, or that will otherwise be marketed. Costs incurred subsequent to the establishment of technological feasibility and prior to the general availability of the software, are capitalized when they are expected to become significant. All other research and development expenses are expensed in the period incurred.

***Restructuring charges***

Restructuring charges consist of employee separation costs related to strategic cost saving initiatives to better align our organization and cost structure and improve the affordability of our products and services as well as employee separation costs associated with strategic changes in certain key leadership roles.

***Transaction expenses***

Transaction expenses consist of diligence, legal and other related expenses associated with recent acquisitions, as well as costs associated with evaluating other acquisition opportunities.

***Goodwill impairment***

Goodwill impairment consists of non-cash impairments of goodwill.

***Interest expense***

Interest expense consists primarily of interest expense, commitment fees, debt issuance discount amortization, and debt issuance cost amortization under our debt agreements.

***Interest income***

Interest income consists primarily of interest income earned on our money market accounts and investments in debt securities.

***Net increase in fair value of derivatives***

Net increase in fair value of derivatives consists of fair value remeasurements of the 2029 Convertible Notes Conversion Option, 2026 Convertible Notes Conversion Option, PIPE warrants, RDO warrants, and IPO private warrants.

***Loss on extinguishment of debt***

Loss on extinguishment of debt consists of the derecognition of the unamortized debt issuance costs and discount related to the 2029 Convertible Notes upon conversion.

***Other expense, net***

Other expense (income), net consists primarily of realized gains and losses on the sale of available for sale investments, foreign

exchange gains and losses, and other non-operating expenses.

### *Income tax expense*

Income tax expense consists of income taxes related to federal and state jurisdictions in which we conduct business.

### Results of Operations

### Comparison of the Three Months Ended June 30, 2026 and 2025

#### *Revenues*

|          | Three Months Ended June 30, |           | Change   |        |
|----------|-----------------------------|-----------|----------|--------|
|          | 2026                        | 2025      | Amount   | %      |
| Revenues | \$ 36,749                   | \$ 32,472 | \$ 4,277 | 13.2 % |

Revenues increased by \$4.3 million during the three months ended June 30, 2026 as compared to the three months ended June 30, 2025 primarily due to the inclusion of Ask Sage during three months ended June 30, 2026.

#### *Cost of Revenues*

|                                                     | Three Months Ended June 30, |           | Change |       |
|-----------------------------------------------------|-----------------------------|-----------|--------|-------|
|                                                     | 2026                        | 2025      | Amount | %     |
| Cost of revenues                                    | \$ 24,698                   | \$ 24,359 | \$ 339 | 1.4 % |
| <i>Cost of revenues as a percentage of revenues</i> | 67 %                        | 75 %      |        |       |

Cost of revenues as a percentage of total revenues decreased to 67% for the three months ended June 30, 2026 as compared to 75% for the three months ended June 30, 2025. The decrease in cost of revenue as a percentage of total revenue was driven by the inclusion of higher margin Ask Sage revenues during three months ended June 30, 2026 as compared to three months ended June 30, 2025.

## SG&A

|                                  | Three Months Ended June 30, |           | Change    |        |
|----------------------------------|-----------------------------|-----------|-----------|--------|
|                                  | 2026                        | 2025      | Amount    | %      |
| SG&A                             | \$ 31,848                   | \$ 21,487 | \$ 10,361 | 48.2 % |
| SG&A as a percentage of revenues | 87 %                        | 66 %      |           |        |

SG&A expenses as a percentage of total revenues for the three months ended June 30, 2026 increased to 87% as compared to 66% for the three months ended June 30, 2025. The year-over-year increases include Ask Sage's headcount and operating expenses not present in three months ended June 30, 2025, as well as significant investments in sales, marketing and other initiatives during three months ended June 30, 2026.

## Research and Development

|                          | Three Months Ended June 30, |          | Change   |        |
|--------------------------|-----------------------------|----------|----------|--------|
|                          | 2026                        | 2025     | Amount   | %      |
| Research and development | \$ 7,562                    | \$ 4,393 | \$ 3,169 | 72.1 % |

Research and development expenses increased by \$3.2 million during the three months ended June 30, 2026 as compared to the three months ended June 30, 2025. The increase in research and development expenses was driven by higher headcount and fewer projects qualifying for software capitalization compared to three months ended June 30, 2025. During the three months ended June 30, 2025, \$1 million of research and development costs were capitalized compared to \$0 for the three months ended June 30, 2026.

## Restructuring Charges

|                       | Three Months Ended June 30, |          | Change     |         |
|-----------------------|-----------------------------|----------|------------|---------|
|                       | 2026                        | 2025     | Amount     | %       |
| Restructuring charges | \$ 384                      | \$ 1,899 | \$ (1,515) | (79.8)% |

Restructuring charges decreased by \$1.5 million during three months ended June 30, 2026 as compared to three months ended June 30, 2025. Restructuring charges consist of employee separation costs related to strategic cost saving initiatives to better align our organization and cost structure and improve the affordability of our products and services as well as employee separation costs associated with strategic changes in certain key leadership roles.

## Transaction Expenses

|                      | Three Months Ended June 30, |      | Change |         |
|----------------------|-----------------------------|------|--------|---------|
|                      | 2026                        | 2025 | Amount | %       |
| Transaction expenses | \$ 815                      | \$ — | \$ 815 | 100.0 % |

Transaction expenses for the three months ended June 30, 2026 consist of diligence, legal and other related expenses associated with the Ask Sage and CargoSeer acquisitions.

## Goodwill impairment

|                     | Three Months Ended June 30, |           | Change      |          |
|---------------------|-----------------------------|-----------|-------------|----------|
|                     | 2026                        | 2025      | Amount      | %        |
| Goodwill impairment | \$ —                        | \$ 70,636 | \$ (70,636) | (100.0)% |

During the three months ended June 30, 2025, the Company recognized a non-cash goodwill impairment charge of \$70.6 million, driven by a change in forecast.

## Interest Expense

|                  | Three Months Ended June 30, |          | Change     |         |
|------------------|-----------------------------|----------|------------|---------|
|                  | 2026                        | 2025     | Amount     | %       |
| Interest expense | \$ 307                      | \$ 4,419 | \$ (4,112) | (93.1)% |

Interest expense during the three months ended June 30, 2026 and 2025 consists primarily of interest expense, debt issuance discount amortization, commitment fees and debt issuance cost amortization under our Convertible Notes. See the *Liquidity and Capital Resources* section below for more information. The change in interest expense during three months ended June 30, 2026 as compared to three months ended June 30, 2025 is primarily due to a lower average principal balance on the 2029 Convertible Notes due to the conversion of the remaining balance during the first quarter of 2026.

|                 | 2026                        | 2025       | Amount     | %       |
| Interest Income | \$ (3,817)                  | \$ (1,704) | \$ (2,113) | 124.0 % |

The increase in interest income is primarily related to a higher average cash and investment balances during three months ended June 30, 2026 versus comparative periods resulting from cash raised through at-the-money equity issuances, and includes interest earned from our investments in debt securities.

#### Net increase in fair value of derivatives

|                                                      | Three Months Ended June 30, |            | Change       |         |
|------------------------------------------------------|-----------------------------|------------|--------------|---------|
|                                                      | 2026                        | 2025       | Amount       | %       |
| Net increase (decrease) in fair value of derivatives | \$ 471                      | \$ 135,751 | \$ (135,280) | (99.7)% |

The net increase in fair value of derivatives of \$0.5 million for the three months ended June 30, 2026 consists of fair value remeasurements of the 2026 Notes Conversion Option, IPO private warrants, and the 2025 RDO warrants. The net increase in fair value of derivatives of \$135.8 million for the three months ended June 30, 2025 consists of fair value remeasurements of the 2029 Notes Conversion Option, 2026 Notes Conversion Option, IPO private warrants, and the 2025 RDO warrants.

#### Other expense (income)

|                        | Three Months Ended June 30, |          | Change |          |
|------------------------|-----------------------------|----------|--------|----------|
|                        | 2026                        | 2025     | Amount | %        |
| Other expense (income) | \$ 225                      | \$ (163) | \$ 388 | (238.0)% |

The change in other income during the three months ended June 30, 2026 as compared to the three months ended June 30, 2025 is primarily driven by foreign exchange losses and management fees on our debt securities portfolio.

#### Income tax expense

|                    | Three Months Ended June 30, |       | Change |         |
|--------------------|-----------------------------|-------|--------|---------|
|                    | 2026                        | 2025  | Amount | %       |
| Income tax expense | \$ 5                        | \$ 14 | \$ (9) | (64.3)% |
| Effective tax rate | — %                         | — %   |        |         |

The effective tax rate for the three months ended June 30, 2026 and the three months ended June 30, 2025 are consistent. The effective tax rate for the three months ended June 30, 2026 and June 30, 2025 differs from the U.S. federal income tax rate of 21.0% primarily due to state and local income taxes, permanent differences between book and taxable income, certain discrete items, and the change in valuation allowance. The benefit for three months ended June 30, 2026 and 2025 primarily relates to state minimum taxes offset by income tax benefit derived from our United Kingdom entity.

As of June 30, 2026, the Company has determined that it is not more-likely-than-not that substantially all of its deferred tax assets will be realized in the future, and continues to have a full valuation allowance established against its deferred tax assets.

## Comparison of the Six Months Ended June 30, 2026 and 2025

### Revenues

|          | Six Months Ended June 30, |           | Change   |       |
|----------|---------------------------|-----------|----------|-------|
|          | 2026                      | 2025      | Amount   | %     |
| Revenues | \$ 71,184                 | \$ 67,229 | \$ 3,955 | 5.9 % |

Revenues increased by \$4.0 million during the six months ended June 30, 2026 as compared to the six months ended June 30, 2025 primarily due to the inclusion of Ask Sage offset by lower volume on the Army programs and significant one time contracts that contributed revenues during the six months ended June 30, 2025, that did not recur during the six months ended June 30, 2026..

### Cost of revenues

|                                                     | Six Months Ended June 30, |           | Change     |        |
|-----------------------------------------------------|---------------------------|-----------|------------|--------|
|                                                     | 2026                      | 2025      | Amount     | %      |
| Cost of revenues                                    | \$ 47,412                 | \$ 51,728 | \$ (4,316) | (8.3)% |
| <i>Cost of revenues as a percentage of revenues</i> | 67 %                      | 77 %      |            |        |

Cost of revenues as a percentage of total revenues was 67% and 77% for the six months ended June 30, 2026 and 2025, respectively. The decrease in cost of revenue as a percentage of total revenue was driven by the inclusion of higher margin Ask Sage revenues during the six months ended June 30, 2026 as compared to the six months ended June 30, 2025. The decrease in total dollars of cost of revenues was primarily due to lower volume on Army programs during the six months ended June 30, 2026 as compared to the six months ended June 30, 2025.

### SG&A

|                                             | Six Months Ended June 30, |           | Change    |        |
|---------------------------------------------|---------------------------|-----------|-----------|--------|
|                                             | 2026                      | 2025      | Amount    | %      |
| SG&A                                        | \$ 61,073                 | \$ 44,219 | \$ 16,854 | 38.1 % |
| <i>SG&amp;A as a percentage of revenues</i> | 86 %                      | 66 %      |           |        |

SG&A expenses as a percentage of total revenues for the six months ended June 30, 2026 increased to 86% as compared to 66% for the six months ended June 30, 2025. The year-over-year increase is driven by increased asset amortization from the Ask Sage acquisition, increased legal and proxy expenses related to our special stockholder meeting and establishing our new Retail Voting Program and increased sales and marketing expenses resulting from partnerships and expanding our growth team.

### Research and development

|                          | Six Months Ended June 30, |          | Change   |        |
|--------------------------|---------------------------|----------|----------|--------|
|                          | 2026                      | 2025     | Amount   | %      |
| Research and development | \$ 13,095                 | \$ 8,559 | \$ 4,536 | 53.0 % |

Research and development expenses increased by \$4.5 million during the six months ended June 30, 2026 as compared to the six months ended June 30, 2025. The increase in research and development expenses was driven by higher headcount and fewer projects qualifying for software capitalization compared to the six months ended June 30, 2025. During the six months ended June 30, 2025, \$2.6 million of research and development costs were capitalized compared to \$0 for the six months ended June 30, 2026.

### Restructuring charges

|                       | Six Months Ended June 30, |          | Change     |         |
|-----------------------|---------------------------|----------|------------|---------|
|                       | 2026                      | 2025     | Amount     | %       |
| Restructuring charges | \$ 384                    | \$ 3,597 | \$ (3,213) | (89.3)% |

Restructuring charges decreased by \$3.2 million during the six months ended June 30, 2026 as compared to the six months ended June 30, 2025. Restructuring charges consist of employee separation costs related to strategic cost saving initiatives to better align our organization and cost structure and improve the affordability of our products and services as well as employee separation costs associated with strategic changes in certain key leadership roles.

#### *Transaction expenses*

|                      | Six Months Ended June 30, |      | Change   |         |
|----------------------|---------------------------|------|----------|---------|
|                      | 2026                      | 2025 | Amount   | %       |
| Transaction expenses | \$ 2,033                  | \$ — | \$ 2,033 | 100.0 % |

Transaction expenses for the six months ended June 30, 2026 consist of diligence, legal and other related expenses associated with the Ask Sage and CargoSeer acquisitions as well as costs associated with evaluating other acquisition opportunities. There were no transaction expenses for the six months ended June 30, 2025.

#### *Goodwill impairment*

|                     | Six Months Ended June 30, |           | Change      |          |
|---------------------|---------------------------|-----------|-------------|----------|
|                     | 2026                      | 2025      | Amount      | %        |
| Goodwill impairment | \$ —                      | \$ 70,636 | \$ (70,636) | (100.0)% |

During the six months ended June 30, 2025, the Company recognized a non-cash goodwill impairment charge of \$70.6 million, driven by a change in forecast.

#### *Interest expense*

|                  | Six Months Ended June 30, |          | Change     |         |
|------------------|---------------------------|----------|------------|---------|
|                  | 2026                      | 2025     | Amount     | %       |
| Interest expense | \$ 624                    | \$ 9,535 | \$ (8,911) | (93.5)% |

Interest expense during the six months ended June 30, 2026 and 2025 consists primarily of interest expense, debt issuance discount amortization, commitment fees and debt issuance cost amortization under our Convertible Notes. See the *Liquidity and Capital Resources* section below for more information. The change in interest expense during the six months ended June 30, 2026 as compared to the six months ended June 30, 2025 is primarily due to a lower average principal balance on the 2029 Convertible Notes due to the conversion of the remaining balance during the six months ended June 30, 2026.

#### *Interest income*

|                 | Six Months Ended June 30, |            | Change     |         |
|-----------------|---------------------------|------------|------------|---------|
|                 | 2026                      | 2025       | Amount     | %       |
| Interest income | \$ (7,602)                | \$ (2,260) | \$ (5,342) | 236.4 % |

The increase in interest income is primarily related to a higher average cash and investment balances during the six months ended June 30, 2026 compared to comparative periods resulting from cash raised through at-the-money equity issuances, and includes interest earned from our investments in debt securities.

#### *Net increase in fair value of derivatives*

|                                           | Six Months Ended June 30, |            | Change       |         |
|-------------------------------------------|---------------------------|------------|--------------|---------|
|                                           | 2026                      | 2025       | Amount       | %       |
| Net increase in fair value of derivatives | \$ 20,596                 | \$ 169,087 | \$ (148,491) | (87.8)% |

The net increase in fair value of derivatives of \$20.6 million for the six months ended June 30, 2026 includes fair value remeasurements of the 2026 Notes Conversion Option, IPO private warrants, and the 2025 RDO warrants, as well as the remeasurement of 2029 Notes Conversion Option immediately prior to conversion. The decrease of \$148.5 million is due to a decrease in the stock price between June 30, 2025 and June 30, 2026.

#### *Loss on extinguishment of debt*

|                                | Six Months Ended June 30, |          | Change    |         |
|--------------------------------|---------------------------|----------|-----------|---------|
|                                | 2026                      | 2025     | Amount    | %       |
| Loss on extinguishment of debt | \$ 15,826                 | \$ 2,577 | \$ 13,249 | 514.1 % |

Loss on extinguishment of debt during the six months ended June 30, 2026 and 2025 relates to the write-off of the unamortized debt issuance costs and discount on the 2029 Convertible Notes that were voluntarily converted by noteholders.

#### *Other expense, net*

|                    | Six Months Ended June 30, |        | Change |         |
|--------------------|---------------------------|--------|--------|---------|
|                    | 2026                      | 2025   | Amount | %       |
| Other expense, net | \$ 236                    | \$ 117 | \$ 119 | 101.7 % |

The change in other expense, net during the six months ended June 30, 2026 as compared to the six months ended June 30, 2025 is primarily driven by foreign exchange losses and management fees on our debt securities portfolio.

#### *Income tax expense*

|                    | Six Months Ended June 30, |         | Change  |         |
|--------------------|---------------------------|---------|---------|---------|
|                    | 2026                      | 2025    | Amount  | %       |
| Income tax expense | \$ 19                     | \$ 39   | \$ (20) | (51.3)% |
| Effective tax rate | — %                       | (0.1) % |         |         |

The effective tax rate for the six months ended June 30, 2026 and 2025 differs from the U.S. federal income tax rate of 21.0% primarily due to state and local income taxes, permanent differences between book and taxable income, certain discrete items and the change in valuation allowance. The benefit for the six months ended June 30, 2026 and 2025 primarily relates to state minimum taxes offset by income tax benefit derived from our United Kingdom entity and to the change in valuation allowance as a result of the Ask Sage acquisition.

As of June 30, 2026, the Company has determined that it is not more-likely-than-not that substantially all of its deferred tax assets will be realized in the future and continues to have a full valuation allowance established against its deferred tax assets.

#### *Supplemental Non-GAAP Information*

The Company uses Adjusted EBITDA to evaluate its operating performance, generate future operating plans, and make strategic decisions, including those relating to operating expenses and the allocation of internal resources. Adjusted EBITDA is a financial measure not calculated in accordance with GAAP. Adjusted EBITDA is defined as net loss adjusted for interest expense, interest income, income tax expense, depreciation and amortization, equity-based compensation and associated employer payroll taxes, net increase in fair value of derivatives, restructuring charges, non-recurring strategic initiatives, non-recurring litigation, transaction expenses, non-recurring integration costs, goodwill impairment, and loss on extinguishment of debt. Non-GAAP financial performance measures are used to supplement the financial information presented on a GAAP basis. This non-GAAP financial measure should not be considered in isolation or as a substitute for the relevant GAAP measures and should be read in conjunction with information presented on a GAAP basis. Because not all companies use identical calculations, our presentation of non-GAAP measures may not be comparable to other similarly titled measures of other companies.

### Adjusted EBITDA - Non-GAAP

The following table presents a reconciliation of Adjusted EBITDA to net loss, computed in accordance with GAAP:

(1) Includes employer payroll taxes due upon the vesting of equity awards granted to employees.

(2) The change in fair value of derivatives during the three months ended June 30, 2026 consists of net losses related to the fair market value adjustments on the 2025 RDO Warrants, IPO private warrants, and 2026 Notes Conversion Option. The change in fair value of derivatives during the six months ended June 30, 2026 primarily relates to a \$28.3 million mark-to-market loss for the 2029 Notes Conversion Options immediately prior to conversion. This was offset by net gains related to the fair market value adjustments on the 2025 RDO Warrants, IPO private warrants, and 2026 Notes Conversion Option of \$7.7 million.

The change in fair value of derivatives during the three months ended June 30, 2025 relates to the remeasurement of the 2025 warrants, IPO warrants and the 2026 and 2029 Notes Conversion Options derivative liabilities. The change during the six months ended June 30, 2025, relates to the \$14.0 million loss recorded upon the exercise of the 2024 RDO and 2024 PIPE Warrants and issuance of the warrants in 2025 in connection with the warrant exercise agreements entered into on February 5, 2025. During the six months ended June 30, 2025, loss related to a mark-to-market adjustment of \$59.9M adjustment for the debt to equity conversions during the period was reported. There was an offsetting gain related to the fair market value adjustment on the 2025 warrants and the private warrants of \$2.6 million. Additionally, there was an loss of \$7.0 million fair market value adjustment of the 2026 and 2029 Notes Conversion Option, during the six months ended June 30, 2025.

(3) Includes employee separation costs which are associated with strategic reviews of the Company's capacity and future projections to better align the organization and cost structure and improve the affordability of its products and services.

(4) Non-recurring professional fees incurred in connection with discrete, non-recurring strategic initiatives, including business transformation and strategy realignment consulting services which management does not consider part of the Company's ongoing operating expenses.

(5) Non-recurring litigation consists primarily of legal settlements and related fees for specific proceedings that we have determined arise outside of the ordinary course of business based on the following considerations which we assess regularly: (1) the frequency of similar cases that have been brought to date, or are expected to be brought within two years; (2) the complexity of the case; (3) the nature of the remedy(ies) sought, including the size of any monetary damages sought; (4) offensive versus defensive posture of us; (5) the counterparty involved; and (6) our overall litigation strategy.

(6) Transaction expenses during the six months ended June 30, 2026 consist primarily of diligence, legal and other related expenses incurred associated with the Ask Sage and CargoSeer acquisitions.

(7) Non-recurring internal integration costs related to the Ask Sage acquisition.

(8) During the six months ended June 30, 2025, the company recognized a non-cash goodwill impairment charge primarily driven by a change in forecast during the second quarter of 2025.

(9) Loss on extinguishment of debt is related to voluntary conversions of the 2029 Notes to common stock and the related extinguishment of unamortized debt discount and debt costs.

### Free Cash Flow

Free cash flow is defined as net cash used in operating activities less capital expenditures. Management believes free cash flow is useful to investors, analysts and others because it provides a meaningful measure of the Company's ability to generate cash and meet its debt obligations.

The table below presents a reconciliation of free cash flow to net cash used in operating activities, computed in accordance with GAAP:

|                                       | Six Months Ended June 30, |             |

### Key Performance Indicators

#### Backlog

We view growth in backlog as a key measure of our business growth. Backlog represents the estimated dollar value of contracts that we have been awarded for which work has not yet been performed, and in certain cases, our estimate of known opportunities for future contract awards on customer programs that we are currently supporting.

The majority of our historical revenues are derived from contracts with the federal government and its various agencies. In accordance with the general procurement practices of the federal government, most contracts are not fully funded at the time of contract award. As work under the contract progresses, our customers may add incremental funding up to the initial contract award amount. We generally do not deliver goods and services to our customers in excess of the appropriated contract funding.

Our contracts with some customers, including the federal government, generally include termination for convenience provisions pursuant to which the customer can unilaterally elect to terminate the contract. In the event of termination, we may generally recover only our incurred or committed costs and settlement expenses and profit on work completed prior to the termination. As a result, contracts comprising our backlog may not result in actual revenue in any particular period or at all, and the actual revenue may differ from backlog estimates, particularly if customers, including the federal government, exercise their rights to terminate contracts with us pursuant to the termination for convenience provisions.

At the time of award, certain contracts may include options for our customers to procure additional goods and services under the contract. Options do not create enforceable rights and obligations until exercised by our customers and thus we only recognize revenues related to options as each option is exercised. Contracts with such provisions may or may not specify the exact scope, nor corresponding price, associated with options; however, these contracts will generally identify the expected period of performance for each option. In cases where we have negotiated the estimated scope and price of an option in the contract with our customer, we use that information to measure our backlog and we refer to this as Priced Unexercised Options. If a contract does not specify the scope, level-of-effort, or price related to options to procure additional goods and services, we estimate the backlog associated with those options based on our discussions with our customer, our current level of support on the customer's program, and the period of performance for each option that was negotiated in the contract. We refer to this as Unpriced Unexercised Options.

We define backlog in these categories to provide the reader with additional context as to the nature of our backlog and so that the reader can understand the varying degrees of risk, uncertainty, and where applicable, management's estimates and judgments used in determining backlog at the end of a period. The categories of backlog are further defined below.

- *Funded Backlog.* Funded backlog represents the remaining contract value of goods and services to be delivered under existing contracts for which funding is appropriated or otherwise authorized less revenues previously recognized on these contracts.
- *Unfunded backlog.* Unfunded backlog represents the remaining contract value, or portion thereof, of goods and services to be delivered under existing contracts for which funding has not been appropriated or otherwise authorized.
- *Priced Unexercised Options.* Priced unexercised contract options represent the remaining contract value of goods and services to be delivered under existing contracts if our customer elects to exercise all of the options available in the contract. For priced unexercised options, we measure backlog based on the corresponding contract values assigned to the options as negotiated in our contract with our customer.
- *Unpriced Unexercised Options.* Unpriced unexercised contract options represent the remaining contract value of goods

[Table of Contents](#)

and services to be delivered under existing contracts if our customer elects to exercise all of the options available in the contract. For unpriced unexercised options, we estimate backlog generally under the assumption that our current level of support on the contract will persist for each option period.

The following table summarizes certain backlog information (in thousands):

|                               | June 30,<br>2026 | December 31,<br>2025 |

| Priced, unexercised options   | 148,996          | 130,564              |

## **Liquidity and Capital Resources**

### *Sources of Liquidity*

Our primary sources of liquidity are cash flows provided by our operations and maturities of available-for-sale investments. We have also generated liquidity through our ATM programs, private placements of our common stock, and warrants. Our primary short-term cash requirements are to fund payroll obligations, working capital, operating lease obligations, interest payments and short-term debt, including current maturities of long-term debt. Working capital requirements can vary significantly from period to period, particularly as a result of the timing of receipts and disbursements related to long-term contracts. Based on our projected cash flow and liquidity needs, we believe that our cash from operating activities generated from continuing operations and our existing cash balance will be adequate for the next 12 months to meet our anticipated uses of cash flow.

Our medium-term to long-term cash requirements are to service and repay debt and to invest in facilities, equipment, technologies, and research and development for growth initiatives.

Our ability to fund our medium-term to long-term cash needs will depend, in part, on our ability to generate cash in the future, which depends on our future financial results. Our future results are subject to general economic, financial, competitive, legislative and regulatory factors that may be outside of our control. Our future access to, and the availability of credit on acceptable terms and conditions, is impacted by many factors, including capital market liquidity and overall economic conditions.

### *ATM Program*

In April 2023, the Company filed an automatic shelf registration statement on Form S-3 (the “2023 Shelf Registration Statement”) with the SEC registering an indeterminate amount of its common stock, preferred stock, warrants, rights, and units (collectively, “Company securities”), which the SEC declared effective on April 21, 2023. Pursuant to the Company’s controlled equity offering agreement (the “Controlled Equity Offering Agreement”) dated as of May 10, 2024, with Cantor Fitzgerald & Co. (“Cantor”), as sales agent, under an “at the market” offering program (the “ATM Program”) the Company agreed to pay commissions to Cantor as its sales agent for their service with respect to the sales of common stock through the ATM Program.

Pursuant to the Controlled Equity Offering Agreement, the Company may offer and sell common stock from time to time to or through Cantor, subject to the Company’s compliance with applicable laws and the applicable requirements of the Controlled Equity Offering Agreement. The Controlled Equity Offering Agreement stipulates that the Company will pay Cantor a commission of up to 3.0% of the gross offering proceeds of any shares of common stock sold to or through Cantor pursuant to the Controlled Equity Offering Agreement. The Company intends to use the net proceeds from sales of common stock issued under the ATM Program for general corporate and working capital purposes. The timing of any sales and the number of shares sold will depend on a variety of factors to be determined and considered by the Company. The Company is not obligated to sell any shares under the Controlled Equity Offering Agreement.

In May 2024, the Company filed a prospectus supplement to the 2023 Shelf Registration Statement which allows the Company to sell, from time to time and at its discretion, Company securities having an aggregate offering price of up to \$150.0 million including shares of common stock that may be sold pursuant to the Company’s Controlled Equity Offering Agreement.

In June 2025, the Company filed a prospectus supplement to the 2023 Shelf Registration Statement which allows the Company to sell, from time to time and at its discretion, Company securities having an aggregate offering price of up to \$150.0 million

including shares of common stock that may be sold pursuant to the Company's Controlled Equity Offering Agreement.

During the six months ended June 30, 2025, the Company sold 142,253,313 shares of common stock under the ATM Program for an aggregate offering price of \$300.0 million. Total issuance costs related to the ATM Program were approximately \$5.2 million, resulting in aggregate net proceeds of approximately \$294.8 million during the six months ended June 30, 2025.

In August 2025, the Company filed an additional prospectus supplement to the 2023 Shelf Registration Statement which allowed the Company to sell, from time to time and at its discretion, Company securities having an aggregate offering price of up to \$337.1 million including shares of common stock that may be sold pursuant to the Company's Controlled Equity Offering Agreement (the "*August 2025 Sales Agreement*"). During the remainder of the year ended December 31, 2025, the Company sold 65,000,000 shares of common stock under the August 2025 Sales Agreement for an aggregate offering price of \$337.1 million. Total issuance costs related to the ATM Program were approximately \$3.1 million, resulting in aggregate net proceeds of approximately \$334.0 million.

As of June 30, 2026, no capacity remained available under the ATM programs.

#### *Available for Sale ("AFS") Investments*

Net proceeds from the ATM Program not utilized to fund ongoing operating cash flows are invested in U.S. Treasury notes and corporate bonds. These debt securities are classified as available for sale and recorded at fair value, with unrealized gains and losses excluded from earnings and reported in other comprehensive (loss) income. In order to ensure ongoing cash availability to fund operating expenditures and growth initiatives, maturities of individual AFS investments occur monthly and are reinvested if those funds are not required to supplement operating liquidity requirements. AFS investments do not have maturities that exceed 24 months from acquisition. The Company's investment policy requires that AFS investments not explicitly or implicitly guaranteed by the U.S. Government be issued by institutions highly rated by major rating agencies and have a long history of no credit losses. The investment policy also limits the concentration of AFS investments within a given sector and/or with any individual issuer. AFS investments are not callable prior to contractual maturity.

As these debt securities are available for sale, they are included in the measure of total available liquidity in the table below at fair value. Proceeds from coupon payments or the maturity of AFS investments will increase the Company's total available liquidity to the extent the funds are not reinvested in additional AFS investments.

Our available liquidity as of June 30, 2026 and December 31, 2025, consisted primarily of available cash and cash equivalents. The following table details our available liquidity:

|                                     | June 30,<br>2026 | December 31,<br>2025 |

#### *Convertible Notes*

On December 7, 2021, the Company issued \$200.0 million of unsecured convertible notes (the "*2026 Convertible Notes*") to certain investors. The 2026 Convertible Notes bear interest at a rate of 6.0% per annum, payable semi-annually, and not including

any interest payments that are settled with the issuance of shares, were convertible into 17,391,304 shares of the Company's common stock at an initial Conversion Price of \$11.50. The Conversion Price is subject to adjustments, including but not limited to, the Conversion Rate Reset described below and in Note 11—Debt of the Notes to condensed consolidated financial statements included in this Quarterly Report on Form 10-Q. The 2026 Convertible Notes mature on December 15, 2026.

On May 29, 2022, pursuant to the conversion rate adjustment provisions in the 2026 Convertible Notes indenture, the Conversion Price was adjusted to \$10.61 (or 94.2230 shares of common stock per \$1,000 principal amount of 2026 Convertible Notes) because the average of the daily volume-weighted average price of the common stock during the preceding 30 trading days was less than \$10.00 (the "Conversion Rate Reset"). Subsequent to the Conversion Rate Reset, the 2026 Convertible Notes are convertible into 18,844,600 shares, not including any interest payments that are settled with the issuance of shares.

On December 19, 2024, the Company entered into privately negotiated exchange agreements (each, an "Exchange Agreement") with a limited number of holders of the Company's existing 2026 Convertible Notes, to exchange the existing convertible notes for new senior secured convertible notes due 2029 (the "2029 Convertible Notes", together with the 2026 Convertible Notes, the "Convertible Notes"). The Company exchanged (the "Exchange Transaction") approximately \$182.3 million principal amount of the 2026 Convertible Notes for \$182.3 million in aggregate principal amount of the Company's 2029 Convertible Notes and approximately \$0.4 million in cash, with such cash payment representing the accrued and unpaid interest on such then existing Convertible Notes. The 2029 Convertible Notes bear interest at a rate of (i) 6.0% per annum, if interest is paid in cash and (ii) 7.0% per annum, if we elect, subject to certain conditions, to pay interest in kind with shares of our common stock. To the extent that certain liquidity conditions of us and our subsidiaries are not satisfied as of the last business day of any calendar month, then with respect to the period applicable to the interest payment date immediately following the month in which such liquidity condition is not satisfied, the interest rate will be (i) 9.00% per annum, if interest is paid in cash and (ii) 10.00% per annum, if we elect, subject to certain conditions, to pay interest in kind with shares of our common stock (it being understood that such increased rate shall apply solely for such six-month period applicable to such interest payment date). The initial conversion rate is 281.4491 shares of common stock per \$1,000 principal amount of 2029 Convertible Notes, which represents an initial conversion price of \$3.55 per share of the Company's common stock. The conversion rate and the conversion price are subject to adjustments. The exchange was accounted for as an extinguishment of the 2026 Convertible Notes and the 2029 Convertible Notes were recognized at fair value, which approximated the carrying amount of the principal balances exchanged.

The 2029 Convertible Notes were issued pursuant to, and are governed by, an indenture, dated as of December 27, 2024. The 2029 Convertible Notes will be fully and unconditionally guaranteed, on a senior, secured basis, by the Company and certain of its existing and future direct and indirect subsidiaries, subject to certain exceptions (the "Guarantors"), and will initially be secured on a first-priority basis by substantially all assets of the Company and such Guarantors, subject to certain exceptions.

Upon completion of the Exchange Transaction, the aggregate principal amount of the 2026 Convertible Notes outstanding was \$17.7 million. The Company did not receive any cash proceeds from the issuance of the 2029 Convertible Notes pursuant to the Exchange Transactions.

During the six months ended June 30, 2025, \$57.7 million of the 2029 Convertible Notes were voluntarily converted by noteholders following the Exchange Transaction. These conversions resulted in the issuance of 16.7 million shares of common stock.

On January 2, 2026, the Company announced that all 2029 Convertible Notes outstanding as of January 16, 2026 (the "Redemption Date"), would be redeemed for cash at a price equal to the principal amount of such notes plus accrued and unpaid interest, as provided by the terms of the Exchange Agreement. All of the 2029 Convertible Notes, with a par value of \$124.6 million, were voluntarily converted by noteholders prior to the Redemption Date. These conversions resulted in the issuance of approximately 38.1 million shares of common stock in exchange for the retirement of the respective notes.

The 2026 Convertible Notes require the Company to meet certain financial and other covenants. As of June 30, 2026, the Company was in compliance with all covenants related to the 2026 Convertible Notes.

The following table presents the carrying amounts and fair values associated with the 2026 Convertible Notes as of June 30, 2026. The fair value of the 2026 Convertible Notes is considered to be a Level 3 fair value measurement.

|                        | Outstanding balance | Unamortized issuance costs | Net principal balance | Fair value |
|------------------------|---------------------|----------------------------|-----------------------|------------|
| 2026 Convertible Notes | \$ 17,668           | \$ (1,025)                 | \$ 16,643             | \$ 17,192  |

### Operating activities

For the six months ended June 30, 2026, net cash used in operating activities was \$40.2 million. Net loss before deducting depreciation, amortization and other non-cash items was \$24.1 million and was further impacted by an unfavorable change in net working capital of \$16.1 million. The unfavorable change in net working capital was largely driven by an increase in accounts payable of \$5.0 million, a decrease in contract liabilities of \$4.5 million, an increase in accounts receivable of \$8.9 million, and an increase in contract assets of \$0.2 million.

For the six months ended June 30, 2025, net cash used in operating activities was \$10.5 million. Net loss before deducting depreciation, amortization and other non-cash items was \$23.9 million and was further impacted by a favorable change in net working capital of \$13.4 million which partially offset operating cash outflows during this period. The favorable change in net working capital was largely driven by a decrease in accounts receivable of \$10.3 million, an increase in accrued expenses of \$4.8 million, an increase in other liabilities of \$1.8 million, an increase in contract liabilities of \$1.9 million, and a decrease in contract assets of \$0.2 million. These were partially offset by a decrease in accounts payable of \$5.0 million and an increase in prepaid expenses and other assets of \$0.6 million.

### Investing activities

For the six months ended June 30, 2026, net cash used in investing activities was \$10.3 million, primarily consisting of proceeds from the maturities of debt security investments of \$0.5 million, cash paid for the acquisitions of Ask Sage and CargoSeer of \$10.2 million, and purchases of property, plant and equipment of \$0.6 million.

For the six months ended June 30, 2025, net cash used in investing activities was \$2.8 million, primarily consisting of capitalized software development costs of \$2.7 million.

### Financing activities

For the six months ended June 30, 2026, net cash used in financing activities was \$4.2 million, primarily consisting of deferred purchase consideration payment related to the Ask Sage acquisition of \$4.5 million, payments of taxes related to net share settlement of equity awards of \$1.3 million offset by the proceeds from the exercise of options of \$0.1 million.

For the six months ended June 30, 2025, net cash provided by financing activities was \$354.8 million, primarily consisting of the net proceeds from the exercise of the 2024 PIPE warrants and 2024 RDO warrants of \$64.7 million and proceeds of \$294.8 million from the issuance of common stock under our ATM Program. These cash inflows were partially offset by payment of debt issuance costs to third parties in connection with the Exchange Transaction of \$4.7 million, payment of transaction costs in connection with the ATM of \$5.3 million, and payment of taxes related to net share settlement of equity awards of \$1.7 million.

### Critical Accounting Policies and Estimates

For the critical accounting estimates used in preparing our condensed consolidated financial statements, we make assumptions and judgments that can have a significant impact on revenue and expenses in our condensed consolidated statements of operations and comprehensive loss, as well as, on the value of certain assets and liabilities on our condensed consolidated balance sheets. We

base our assumptions, judgments and estimates on historical experience and various other factors that we believe are reasonable under the circumstances. Actual results could differ materially from these estimates under different assumptions or conditions.

Our critical accounting estimates are disclosed in Management's Discussion and Analysis of Financial Condition and Results of Operation included in our Annual Report on Form 10-K, for the year ended December 31, 2025, as filed with the SEC on March 2, 2026.

### **Recent Accounting Pronouncements**

See Note 2—Summary of Significant Accounting Policies of the condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for a discussion of recently issued accounting pronouncements.

### **Item 3. Quantitative and Qualitative Disclosures About Market Risk**

We are exposed to market risks in the ordinary course of our business, which primarily relate to fluctuations in the value of our investments in debt securities that are tied to interest rates, and derivative liabilities that are tied to our common stock or convertible debt, interest rates, foreign currency exchange, and inflation.

#### *Market Risk*

Our main exposure to market risk relates to changes in the market value of our common stock or other instruments that are tied to our common stock, including warrants and other derivative liabilities related to our 2026 Convertible Notes.

The estimated fair value of our derivative liabilities related to our warrants, including the 2025 RDO Warrants and the IPO private warrants, was \$10.2 million as of June 30, 2026. We remeasure the fair value of these derivatives at the end of each reporting period with changes in fair value recognized in the condensed consolidated statements of operations and comprehensive loss.

The estimated fair value of our derivative liabilities related to our 2026 Convertible Notes was \$0.2 million as of June 30, 2026. Additionally, our Convertible Notes indenture contains certain "make-whole" provisions pursuant to which, under certain circumstances, the Company must increase the conversion rate and such increase depends, in part, on the price of our common stock. Refer to Note 17—Derivatives and Note 11—Debt in the notes to our condensed consolidated financial statements in Item 1 on this Quarterly Report on Form 10-Q for further information.

#### *Interest Rate Risk*

The primary objective of our investment activities and strategies are focused on the preservation of capital and supporting our liquidity requirements. Our cash and cash equivalents, which consist of cash and money market funds, and our investments in debt securities are subject to market risk due to changes in interest rates. Our investments in debt securities contain fixed rate yields and the market value of these investments may be adversely affected by a rise in interest rates. Due in part to these factors, our future investment income may fall short of our expectations due to changes in interest rates or we may suffer losses in principal if we are forced to sell securities that decline in market value due to changes in interest rates. Due to the short-term nature of our cash and cash equivalents, we have not been exposed to, nor do we anticipate being exposed to, material risks due to changes in interest rates.

#### *Foreign Currency Exchange Risk*

Our contracts with customers are primarily denominated in U.S. dollars, with the remaining denominated in foreign currencies. Our expenses are generally denominated in the currencies of the jurisdictions in which we conduct our operations, which are primarily in the United States, United Kingdom, and other countries. Our results of current and future operations and cash flows are, therefore, subject to fluctuations due to changes in foreign currency exchange rates, particularly changes in GBP. We have experienced, and may continue to experience, fluctuations in net income (loss) as a result of transaction gains or losses related to remeasuring certain asset and liability balances that are denominated in foreign currencies. These exposures may change overtime as business practices evolve and economic conditions change. To date, foreign currency transaction gains and losses have not been material to our consolidated financial statements, and we have not engaged in any foreign currency hedging transactions.

#### *Inflation Risk*

We do not believe that inflation has had a material effect on our business, results of operations, or financial condition. If our costs were to become subject to significant inflationary pressures, we may not be able to fully offset such higher costs through price increases. Our inability or failure to do so could harm our business, financial condition, or results of operations.

We are also exposed to market risk related to interest rates. Our financial instruments that are subject to interest rate risk principally include fixed-rate short-term debt. As of June 30, 2026, the outstanding principal amount of our long-term debt was \$17.7 million excluding unamortized discounts and issuance costs of \$1.0 million.

We have established policies, procedures and internal processes governing our management of market risks and to manage and mitigate our exposure to these risks.

#### **Item 4. Controls and Procedures**

Our management, with the participation of our principal executive officer and principal financial officer, has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on this evaluation, our principal executive officer and principal financial officer have concluded that as of June 30, 2026, our disclosure controls and procedures were effective to provide reasonable assurance that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the rules and forms of the SEC, and that such information is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate, to allow timely decisions regarding required disclosure..

#### **Management's Reporting on Internal Controls Over Financial Reporting**

Our management, with the participation of our Chief Executive Officer and our Chief Financial Officer, have evaluated the effectiveness of our Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act of 1934, as amended) and have concluded that as of June 30, 2026, our disclosure controls and procedures were effective. There have been no significant changes in our internal controls over financial reporting during the quarterly period covered by this report that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

### **PART II—OTHER INFORMATION**

---

#### **Item 1. Legal Proceedings**

We are subject to litigation, claims, investigations and audits arising from time to time in the ordinary course of business. Although legal proceedings are inherently unpredictable, we intend to vigorously defend against any matters currently pending against us. The outcome of these matters, individually and in the aggregate, is not expected to have a material impact on our consolidated balance sheets, statements of operations or cash flows.

#### **Item 1A. Risk Factors**

For a discussion of the material factors that make an investment in the Company risky, please see the risk factors disclosed in "Item 1A, Risk Factors" of our Annual Report on Form 10-K for the year ended December 31, 2025. These risks and uncertainties have the potential to materially affect our business, results of operations, financial condition, cash flows, projected results and future prospects. These risks are not exclusive and additional risks to which we are subject include the factors mentioned under "Forward-Looking Statements" and the risks described in "Management's Discussion and Analysis of Financial Condition and Results of Operations" in this Quarterly Report on Form 10-Q.

#### **Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

##### **Recent Sales of Unregistered Securities**

There were no sales of unregistered equity securities during the three months ended June 30, 2026.

##### **Issuer Repurchases of Equity Securities**

There were no repurchases of our common stock during the three months ended June 30, 2026.

### Item 3. Defaults Upon Senior Securities

Not applicable.

### Item 5. Other Information

#### Rule 10b5-1 Trading Plans

During the three months ended June 30, 2026, none of our directors or officers (as defined in Rule 16a-1(f) under the Exchange Act) adopted or terminated any contract, instruction or written plan for the purchase or sale of our securities that was intended to satisfy the affirmative defense conditions of Rule 10b5-1(c) under the Exchange Act or any “non-Rule 10b5-1 trading arrangement” as defined in Item 408(c) of Regulation S-K.

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER**

I, Kevin McAleenan, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of BigBear.ai Holdings, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
